

FACULTY OF HEALTH AND MEDICAL SCIENCES

PROFESSOR OF MICROBIOLOGY | REF: 498617

SCHOOL OF BIOMEDICAL SCIENCES

The University of Western Australia (UWA) is a member of the prestigious Group-of-Eight leading Australian research-intensive universities. With a reputation for international excellence and ranked among the top 1% of universities in the world, UWA's continued success is on target for its longer term goal of reaching the world top 50 by 2050.

The University invites applications for a Professor of Microbiology to work within the School of Biomedical Sciences in the Faculty of Health and Medical Sciences. The School works with Western Australia's largest pathology service provider, PathWest.

The Professor of Microbiology will provide academic leadership in the field of clinical or biomedical microbiology and be a leader in the broadest sense with:

- an established reputation in their discipline and an outstanding track record of research, teaching and academic leadership in the field of microbiology;
- a track record of attracting research grants;
- a sustained and significant record of building research teams;
- a demonstrated ability to contribute to a collegiate environment within the School.

The appointee will be engaged in a world-class program of research, excellent teaching to a broad range of students and lead engagement with the academic, professional, scientific and medical communities. The Professor of Microbiology will also play an active leadership role in contributing to the strategic direction of the School and the University as a whole.

For further information applicants are encouraged to direct enquiries to Professor Cathy Cole, Head of School, Biomedical Sciences, email Catherine.Cole@health.wa.gov.au; or Professor Wendy Erber, Pro Vice Chancellor and Executive Dean, Faculty of Health and Medical Sciences, email wendy.erber@uwa.edu.au

The appointment will be offered on a tenurable basis. The University offers an attractive benefits package including a Professorial salary (Level E), 17% employer superannuation and generous leave provisions. Relocation assistance includes airfares for the appointee and dependants and short-term accommodation on arrival.

Closing date: Friday, 12 May 2017

PROFESSOR (GENERAL PRACTICE) | REF: 498618

UWA MEDICAL SCHOOL

The University of Western Australia (UWA) invites applications for the tenurable position of Professor of General Practice. The appointee will be expected to provide academic leadership in teaching and research, and be actively involved in clinical practice. They must also show evidence of a strong record of publications in primary care research or medical education. Situated at the Queen Elizabeth II Medical Centre in Nedlands, General Practice is a key unit within the UWA Medical School.

The successful applicant will:

- Contribute to the leadership and management of the School, ensuring the development of a positive academic working environment, aligned to the priorities of both the University and Faculty;
- Develop and foster research activity across the General Practice discipline group, the School and its associated clinical sites;
- Engage and mentor colleagues at all levels in research (and teaching) activity, resulting in an enthusiastic, collaborative and engaged culture;
- Develop appropriate new research groups.

The position is offered on an tenurable basis and the appointee will be offered an attractive remuneration package that includes a clinical loading. Benefits will include generous leave provisions, superannuation and relocation assistance (if applicable). Limited rights of private practice are available.

For further information applicants are encouraged to direct enquiries to Dr Brendan McQuillan, A/Head of School, School of Medicine, +61 8 6151 1052 or email brendan.mcquillan@uwa.edu.au or Professor Wendy Erber, Pro Vice Chancellor and Executive Dean, Faculty of Health and Medical Sciences, email wendy.erber@uwa.edu.au

Closing date: Friday, 5 May 2017
